Prizor Viztech Ltd Inaugurates State-of-the-Art CCTV Camera Manufacturing Facility in Gandhinagar with 50 Lakh Units Annual Capacity

Gandhinagar, 19th May 2025 – Prizor Viztech Limited, a fast-growing name in surveillance and security technology, proudly announces the inauguration of its first integrated manufacturing facility in Gandhinagar, Gujarat. With a total installed capacity of 50 lakh CCTV cameras annually; translating to 4,16,000 units per month and **16,000 units per day**, this marks a significant strategic shift to a full-scale manufacturing enterprise.

This milestone facility, equipped with cutting-edge technologies including **SMT Line Machines** for in-house PCB circuit production, **Housing Mold Machines** for plastic dome and bullet camera bodies, and **Laser Machines** for precision brand engraving, positions Prizor Viztech as a vertically integrated manufacturer in India's surveillance ecosystem. The facility also houses a **dedicated server room** for **P2P cloud setup** and **data storage infrastructure** for its IP camera and NVR systems, providing complete backend support for connected security solutions.

The inauguration reflects the company's long-term vision to evolve from an assembly-based operation to a self-reliant, innovation-driven manufacturing powerhouse. This investment aligns with Prizor Viztech's goal of delivering high-quality, domestically produced surveillance products for the rapidly growing Indian and global markets.

PRIZOR

Prizor Viztech Ltd

Commenting on the occasion, Mrs. Mitali Gauswami, Promoter, Chairman & Managing Director, Prizor Viztech Limited, said, "This is the first step towards the transformative journey that we have embarked on. Our vision is to make Prizor Viztech a fully integrated, end-to-end manufacturer in the surveillance and smart security space. With this facility, we are now equipped to control quality, speed up product development, and innovate faster; strengthening our position as a trusted Indian brand in global markets.

This facility will enable Prizor Viztech to meet the increasing demand for indigenous, reliable, and affordable CCTV products across industries such as infrastructure, education, retail, smart cities, and public safety. By manufacturing critical components in-house and leveraging advanced automation, the company aims to enhance product quality, reduce import dependency, and improve cost efficiency."

About Prizor Viztech Limited

Established in 2017, Prizor Viztech Ltd specializes in security and surveillance solutions, offering a comprehensive range of CCTV cameras tailored to diverse sectors including retail, government, education, and infrastructure, among others.

In 2022, the company diversified its product portfolio by introducing a range of LED televisions, monitors, and touch panels; available in various sizes and features; manufactured by third parties and marketed under its own brand.

Our products are successfully distributed across 17 states and 2 union territories in India, with a strong presence in key regions such as Maharashtra, Gujarat, Tamil Nadu, Delhi, Andaman & Nicobar Islands, and Jammu & Kashmir.

Prizor is led by experienced promoters with 7+ and 11+ years in the industry, whose strategic guidance and deep expertise drive our growth, market responsiveness, and strong customer relationships

Safe Harbour Statement

Any forward-looking statements about expected future events, financial and operating results of the Company are based on certain assumptions which the Company does not guarantee the fulfilment of. These statements are subject to risks and uncertainties. Actual results might differ substantially or materially from those expressed or implied. Important developments that could affect the Company's operations include a downtrend in the industry, global or domestic or both, significant changes in political and economic environment in India or key markets abroad, tax laws, litigation, labour relations, exchange rate fluctuations, technological changes, investment and business income, cash flow projections, interest, and other costs. The Company does not undertake any obligation to update forward-looking statements to reflect events or circumstances after the date thereof.
